

## Faith at Home Open Network Sessions 20-21 for School and Church Leaders

Through the academic year 2020-21 we have planned 6 further open networks for school and church leaders to engage with and use in their own context. They will look at various topics around how the three spheres of household, school and church can work together to help grow the faith of young people. Based on the principles that: ; we need to focus on what our communities need first and we need to take seriously the concerns of children and young people (CYP) when drawing them into conversations about faith – this series seeks looks at some key issues pertinent to CYP and their faith development.

Session Number	Date	Registration Link
