

The National Secondary Leaders Network

Why Do We Want To See Secondary School Leaders Flourish?

We have a vision to support schools in:

Demonstrating **WISDOM** by upskilling staff with the evidence-informed knowledge to support these students as best they can (and signposting further in-depth training).

Becoming beacons of **HOPE** so that 'bad experiences need not have the last word'

Building **COMMUNITIES** that collaborate to ensure flourishing for all – particularly the most vulnerable – through networking school leaders together.

Seeing the innate **DIGNITY** in each and every student, thus seeking to understand them as best we can and prioritising their needs within our schools.
