

Leaders Like Us: The Launch

The Ohana Floor
36th Floor
Salesforce Tower
London
EC2N 4AY

26th January 2023

5-9pm

**An exceptional opportunity
for our first ever cohort of
Leaders Like Us participants
to embark upon their
journey towards Headship.**

This event will:

- feature high-profile speakers passionate about the power of representation, to inspire your leadership journey
- enable conversation and networking with a diverse range of educational leaders who are adept at supporting professional development
- catalyse our ambitious programme to double the number of UKME headteachers by 2027
- entertain, nourish and ignite a Leader Like You!

Why do we need the Leaders Like Us programme?

- **Representation** Research shows that when children are taught and led by adults who look like them, their achievement, attendance and personal development increase significantly, enabling them to flourish.
- **Opportunities for all** Every member of staff in our schools who wants to aspire to leadership should be given the opportunity and support to do so.
- **Diverse teams** Leadership teams which are diverse are proven to be more effective, innovative and creative, impacting school communities.

Access accredited training to prepare you for headship

Training

Experience a different school context, shadowing an experienced headteacher

Shadowing
