Our Approach

Delivery of the curriculum is grounded in TDT's values of:

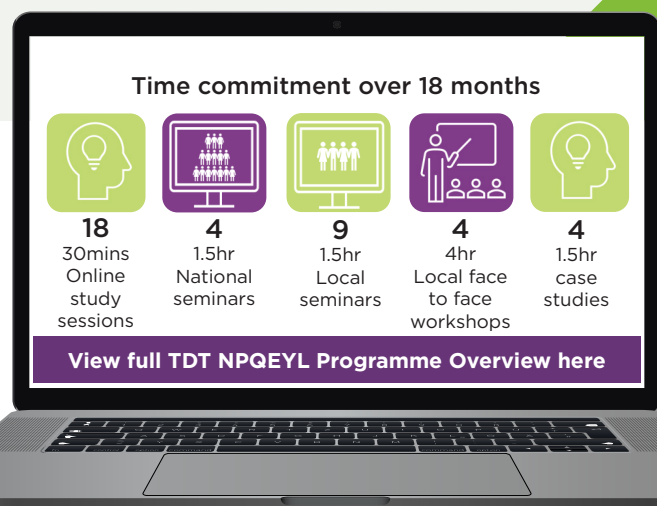

- SMART – we think about what the evidence tells us, but we also really care about how things are done.
- HEART – it's not just taking the evidence base and implementing it any old way, it needs to be done in the right way if you want to have that sustainable impact
- HUMBLE – we recognise that there is no single perfect answer to any situation – participants will come from different environments, different schools, different contexts – and we need to understand the limits of what the evidence tells us at times and use our judgement

The course

A blend of flexible online learning, online discussion, virtual workshops and face-to-face workshops, for a few hours study each week over 18 months. This is followed by an assessment where you will complete a 1500-word case study assessment to demonstrate your understanding of real leadership and change.
