The Church of England Foundation for Educational Leadership, in collaboration with the Institute for Educational and Social Equity presents:

Leading EDI Leadership Course

Calling all existing and aspiring leaders and HR practitioners, working in various organisational contexts. So far, this programme has been delivered to participants in the education sector, nuclear industries and charity sector.

This programme will equip and upskill your knowledge and expertise in developing a shared language and practice when talking about race, understanding Equity, Diversity and Inclusion, leading diverse teams and leading change for equity.
